

# Champlain Valley Educator Development Center

Collaborative Professional Learning to Support Vermont Schools

## Social Media Tools for Teachers

*A one-day teacher workshop to fine tune social connectivity skills & help to feature the great learning in classrooms*

**Facilitator: Mike Berry, Director of Curriculum,  
Communication and Innovation - MMMUSD**

<https://michaelberryedu.wordpress.com/>

Audience: K-12 Teachers, Special Educators, Media Specialists

- Are you looking for more ways to connect families to the powerful learning and innovation in your classroom or school?
- Are you looking to harness the power of social media to support your students' learning experience?
- Would you like to see how connectivity tools can help you document the evidence of learning in class?
- Have parents and community expressed a desire to connect with the school and classrooms and see their kids in action learning together?
- How about how to use social media to connect your students and colleagues to the world beyond your doors?

Mike has been ahead of the curve for years in terms of social media and online connectivity. His videos are followed by many educators, well beyond Vermont. A great day of exploring the possibilities, learning how to reach out and take the mystery out of the school day, without adding time or expensive resources.
