

# Champlain Valley Educator Development Center

Collaborative Professional Learning to Support Vermont Schools

## Planning for Both or Either

*A Blended Learning Approach Virtual Series*

**Facilitator: Adam Seipel, Google Certified Trainer, Google Certified Innovator and Learning Technology Integrator**

**Target Audience:** K12 Educators

2020-21 has had its challenges! Planning ahead for students without knowing if the learning modality will change is stressful and can double the work. These four sessions are designed to reduce anxiety during fluctuating time, introduce frameworks that are helpful in-person or during remote instruction, and support participants in creating a blended learning unit from inception through introduction that can be used this school year. Win/Win!

### **Session 1: Google Classroom and Packaging Your Content**
