Collaborative Professional Learning to Support Vermont Schools

Consolidated Grants: Developing Your CFP

Presented by Gwen Carmolli, CSD Curriculum Director

Target Audience: Curriculum Leaders and Aspiring Curriculum Leaders

Writing a Consolidated Federal Programs (CFP) grant can be stressful the first few times. This workshop will guide you through the development of your district/supervisory union's CFP.

The CFP is an application process for a set of federal funds that support instruction, materials, professional development, technology, and more! In this workshop you will get a chance to:

- preview the grant application,
- learn about different requirements of the grant,
- develop a planning timeline, and
- have some time to practice filling in or writing parts of the grant.

A panel of CFP experts from the field will share processes, answer questions, and offer tips on how to survive the CFP process as part of the day.

About Gwen

Gwen Carmolli is a Curriculum Director for Colchester School District with almost 2 decades of CFP experience. She serves as President of CVEDC, an organization that provides professional development and resources for the Northwest region of Vermont. She is deeply committed working collaboratively to create equitable learning opportunities for Vermont students!
